

**Berean Christian High School  
Resource, PACE, and Independent Study  
2018-2019**

**Instructor Name:** Ms. Mariann Naoom  
**Email:** mnaoom.bchs@gmail.com

**Course Description:**

Most PACE subjects are 12 books and need to have 6 books completed each semester. There are checkups and a self-test in each book, and the students need to “pace” themselves throughout each quarter so they can finish each book in a timely fashion. The self-tests and checkups give the students opportunities to know what they should study for the test at the end of each book.

We have students taking Biology, which includes videos; English, with accompanying writing assignments; Bible, which may include separate reading assignments and videos; and Independent Study students who have various subjects that they will be studying.

**Class Rules:**

1. Most importantly honor the Lord.
2. Respect self, others, and property. This is a quiet classroom, not a time to have discussions and play time. Follow all Berean rules in regard to cell phone and iPad use.
3. Be on time and be prepared (Bring pencil, paper, and notebooks, if needed).
4. Listen and follow directions. Work from the beginning of the period to the end. If work is carefully finished ahead of time, the students can work on other assignments.
5. Complete responsibilities on time.

**PACE Expectations:**

1. Each student needs to stay on task each day to complete the work. PACE students will need to complete 3-4 pages each day, though some books work a little differently, with long reading assignments and questions that follow.
2. The student is to treat this class the same as any other class – expected work needs to be done each day. There is plenty of time to complete the work given if time is used wisely each day.
3. The school has a high level of trust for each student who is taking classes in this fashion. My hope is that they use their time wisely and do not break this trust.
4. Most PACE subjects have 12 books to be completed, with 3 per quarter, 6 per semester. The student needs to stay on task so they will not get behind.
5. Students may ask for help at any time while they are working on their PACEs.

**RESOURCE Students:**

The students in resource are being given extra time to complete assignments that have been given in their academic classes. Each student will need to bring all of his or her assignments and homework each day and work diligently throughout the period. We welcome questions from the Resource students and want them to ask for help whenever they need it. Our goal for every student at Berean is for them to become a better student throughout their high school career. We hope that the time in Resource will aid your student in this goal.

**Grading Scale for PACE:**

- **Class Conduct: 5%**
- **Completion of daily/weekly pages: 35%**
- **Tests: 60%**

Thank you, parents, for entrusting your children to our teaching and our care. We take this responsibility very seriously. Please let me know if you have any questions or concerns.
